Personal _____
(number) (class)

Transponder _____
(number) (class)

Numbers: _____
(number) (class)

This year, Veterans Park Speedway will have a five-dollar registration fee to race at the track. It's an annual fee, no matter if you run one time or every time. This fee helps replace old transponders, invest in a new computer program, and any other track maintenance. You can fill this out now to pre-register your car number(s) and frequencies(s) for each class you are planning on racing in. The five dollars can be paid either by sending money to Rick (address is on top of page) or can be paid on the first race day.
